NOTES

For additional information refer to “Factors to Consider” on p. 293.

Random visuals enhance the natural beauty of this product. To achieve optimal results, all tile should be selected from multiple cartons and shading and graphic arrangement planned prior to installation.

Since there are variations in all glass products, tile and trim supplied for your particular installation may not match samples. Final confirmation should be made from actual tiles and trim prior to installation. Manufactured in accordance with ANSI A137.2 standards. Use of a white latex modified thin-set is recommended for installation.

For information on Test Results & Classifications, see p. 294.
