

CHATEAU RESERVE™

A modern bathroom interior. On the left, a white vessel sink sits on a thick, dark-stained wooden vanity. The wall behind the sink is made of large, dark grey stone tiles. To the right, a glass-enclosed bathtub is visible, with a wall of horizontal light-colored wood planks. The floor is also covered in light-colored wood planks. A showerhead is visible at the top of the glass enclosure.

HICKORY GROVE

Only our wood-look tile takes the beauty of wood into **unexpected spaces**. Its 48" plank size with exclusive StepWise™ technology is fashion forward and functional.

NOTES

Since there are variations in all fired ceramic and natural products, tile and trim supplied for your particular installation may not match samples. Final confirmation should be made from actual tiles and trim prior to installation. Manufactured in accordance with ANSI A137.1 standards.

Not for use on ramps. Water, oil, grease, improper drainage and certain footwear can create slippery conditions. Floor applications expected to be exposed to these conditions require extra caution in product selection.

Special consideration needs to be given when installing tiles greater than 15 inches. Please refer to marazzitile.com/LargeTiles for more information.

Special care should be taken when grouting with dark pigmented colors. A grout release is recommended to prevent finely powdered pigments from lodging in the pores of the surface. Use of a latex modified thin-set is recommended for installation.
